4. CONTRIBUTION
MakeMKV is sold as "try-before-you-buy" software. You can try it for 30 days for free, so you
have enough time to verify the program's functionality. GuinpinSoft inc doesn't refund your
money if you are not satisfied with the product. The only shareware limitation is the expiration
date. If shareware version does not work for you, registration will not change much. We urge
you to test it out before you buy it.

MakeMKV evaluation period must be initiated before you can use Blu-ray Plugin 360.
To start MakeMKV evaluation period, run the application and enter the current beta key, usually
available from MakeMKV web site (http://www.makemkv.com/forum2/viewtopic.php?f=5&t=1053).
Usually a new beta key is published every two months but GuinpinSoft inc may change this, without
notice.
You can restart MakeMKV evaluation from time to time or you can purchase MakeMKV
(www.makemkv.com/buy).
